

MINISTRY NEWS

FROM THE FOUNDER

Since I wrote to you last month, I have received many encouraging notes and calls letting me know that you're praying for the situation in Haiti. Thank you for your faithful friendship, especially during these challenging months of ministry in the midst of civil war.

Not much has changed in Haiti's political landscape. I really don't see much much changing in a positive way until there's a change in administration either in the US or Haiti. We covet your continued prayers for a quick and peaceful resolution.

Please continue to pray for the pastors in our Mercy Network, and Haiti in general. I believe they've become a primary target for the gangs as a means of obtaining more money.

The malnourishment and cholera estimations have grown in the last month. But God has provided. Pastor Poyis recently received a shipment of RUTF, donated by Mana to assist

in treating malnourishment. He also received a shipment of electrolyte strips donated by Cure Pharmaceutical to treat cholera. These donations allow for our compound staff to share the hope of Jesus Christ with even more families who are suffering. By expanding services, we'll be able to touch even more lives.

In the meantime, Pastor Poyis and I have been able to communicate better thanks to the installation of a Starlink satellite. This is a huge praise—thank you for praying with us to make this happen.

The kids in our Children's Homes are doing well. They've been able to continue on in their schoolwork thanks to the teachers staying in our team dorms during the week. They seem joy-filled even though they are a little more aware of what's going on outside the walls of their homes. I am so thankful for CV and his wife who have made themselves available to the kids. Please continue to pray for them and all the house moms.

On March 11, more than 150 friends gathered in Santa Clarita to pray for restavek children in Haiti. This was so encouraging. I am humbled and grateful for your faithfulness, especially during this time of civil war in Haiti. Thank you.

In His Grip,
Greg
