FROM THE FOUNDER

This last year was amazing to watch God do what only He can do, that is...CHANGE LIVES!

We had over thirty teams of people come to be part of what God is doing. Each one came expecting to change the life of a Haitian, but in the process they were changed.

Our Regency Children's Home for rescued slave children is an amazing place of transformation. Children entered beaten, scared, withdrawn, and reclusive. To see them now healed physically, happy, secure, and engaging with others is something to behold. The process of them healing emotionally and learning about a walk with Jesus is ongoing (and equally exciting). Only an amazing God could do that!

This year promises to be an exciting year as well. We have our ideas, but we will see what God has in mind.

Many thanks to all those who have made the opening of our second dormitory at the Regency Children’s Home possible—that includes you, friend!

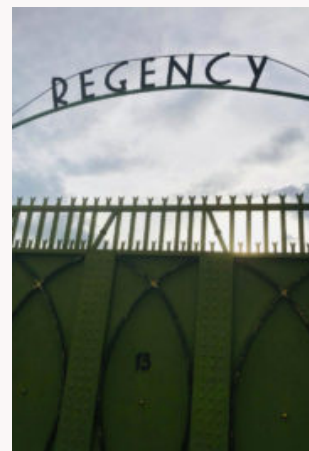

We will move the girls from our first dormitory to this new one, and the first will be specifically for our boys. Since all of them have been sexually abuse, we believe that this will provide a healthier environment for our girls.

As I pray for the completion of the orphanage I am consumed with the 100 souls that will be rescued. To go from being a slave, beaten and abused, to being free, loved, and cared for is beyond my imagination. I am so thankful God has entrusted us with such a high calling.

Will you join us in praying for these new children?

As we continue to welcome new children into the home, we will be updating the website with their information, so you can place a face with your prayers...stay tuned!

Forty percent of the children currently in this home are sponsored. More than half still need support in that way. Will you help us make sure each of our children are sponsored? The cost is \$40 each month to sponsor a child at our homes, but the impact is immeasurable.

Another major update is that our training center will open fully this year. We have opened our culinary arts center, and training has started. Three days a week, our kids from the Children’s Home come and learn the process of food preparation. We are excited to see how God will transform families by providing employment through the center.

We are also looking to build some businesses this year. This will provide employment for our needy families and an income stream for our ministries. We are looking to start a bread business, an egg business, and a goat milk business.

Additionally, our medical clinic continues to meet needs in the community. In the process of coming to the clinic, we are able to connect them to the church community. We plan on expanding some of the services of our medical clinic, and Lord willing we will add a lab so that we can do our own testing.

We are so thankful for your faithful prayers and support as we dive into a new and exciting year of ministry in 2019!

In His Grip,
Greg
