

MINISTRY NEWS

FROM THE FOUNDER

As we look ahead at a new year, I'm excited to share some progress from our ministry in Haiti. God continues to provide and move in powerful ways.

Early this month, we were able to send a US team to help with various building projects around the property. One of these projects was establishing a clean water source. The previous well had been causing skin reactions for some of our kids, so the team installed a solar-powered pump and relocated the well. Our kids now have access to clean, safe water. We're exploring additional water treatment options to help prevent future issues like this.

Our team has now returned home, and I'm so grateful for their hard work and servant hearts. Here are the highlights of what they accomplished:

continued

Completed 24 school desks, providing proper seating and workspaces for our kids' education. Every class room has a desk now. Finished 20 bunk beds (and 4 single beds for the house moms) to improve sleeping arrangements in the dorms. Participated in distributing the Christmas boxes sent by Grace Missionary Church of Milford, Nebraska.

The kids will be back in school soon as well. It's been about six months since they had a regular school routine, so I'm glad to see them returning to some form of normalcy. Starting school again will also help our presence in the community, as we can hire some teachers from the local areas. I look forward to the possibility that we'll be taking in kids from the community as well, sharing Jesus with them and hopefully building a reputation as being a resource in this new location.

Thank you for your prayers and support.

In His Grip,

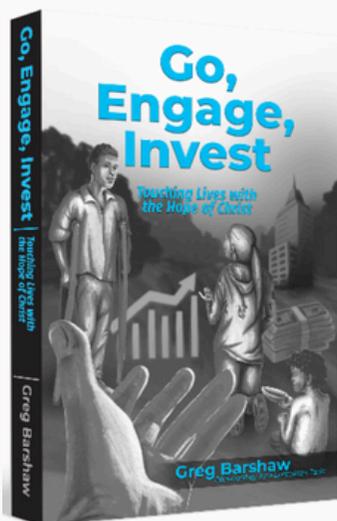

Greg
